"Pedalogy." BY WILSON & CARR, 929 F ST.

Published Daily. Vol. 1. "PEDALOGY" deals even if it does only cost with the science of the feet. is meant to teach us lots of things about the feet.

"PEDALOGY" together "PEDALOGY" together Let—it is meant to teach us lots of things about the feet.

It is to teach us not to increase our chiropodist's bill by buying "combreeding" shoes at a "job lot" sale just because they are "cheap."

It is to teach us also that a shoe which combines comfort, beauty, style and durability is as near perfect as possible, nol4

Common sense and "PEDALOGY" together are to teach us that \$1.50 saved is \$1.50 earned.

And finally "PEDALOGY" teaches us that here is the place to buy the aforesaid \$5 shoe for \$3.50.

More teachings next time.
